Spin L CL012PC-2UL

Dimensions / Ø 12<sup>7</sup>/<sub>8</sub> " x H 50<sup>5</sup>/<sub>8</sub> " x L ", Ø 15 " x H 21<sup>6</sup>/<sub>8</sub> " x L ", Ø 8 " x  
H 11<sup>6</sup>/<sub>8</sub> " x L "

Color variants / black matt, polished brass, glossy, copper plated

Weight / approx. 12,8 lb, 15,9 lb, 20,5 lb

Input voltage / 120 V AC, 60 Hz

Rated power / max. 6 W

Light source / 1 x LED E26

Protection rating / IP 20

Safety class / CLASS I

Please read this manual carefully and keep it in case you need  
assistance while performing maintenance and cleaning procedures.

## 2/ Step-by-step installation

 Before starting any procedures make sure that the power to the lighting fixture is switched OFF and secured against unauthorized, negligent or accidental switching on.

 Should the cable need to be shortened, ask a qualified technician (licensed electrician) to disconnect the cable, shorten it and reconnect it, detail instructions can be found in the chapter **Cable shortening**. The same applies to lengthening the cable, however a new, longer cable needs to be purchased separately. Lasvit shall not be held liable for any injuries or damage to the fixture or other property caused by unauthorised manipulation with the cable or its parts.

 To retain quality of hand-blown glass, Lasvit recommends to clean the glass at least every 3 months.

 Fixing material is not part of the lighting fixture kit. Refer to the relevant section of this manual for suitable fixing materials and components.

 Proper fixing shall be the responsibility of the customer.

 Installation and electrical wiring should be carried out by a qualified electrician to prevent any damage to health or property.

 The manufacturer shall not be held liable for any defects caused by unqualified handling of the lighting fixture.

 This lighting fixture is to be mounted on fire proof surfaces.

 Do not cover the lighting fixture with any material, it is necessary for the hot parts to be cooled by freely flowing air, otherwise there is a risk of fire.

 Do not spin the pendant ! Spinning the pendant may result in breaking of the suspension cable and/or electrical malfunction!

 For indoor use only. Installation requires 2 persons.

### 3/ Canopy disassembly

#### 4/ Bearing tube mounting

## 5/ Fixing

Fixing material is not included.

**!** Lasvit shall not be held liable for any injuries or damage to the fixture or other property caused during installation or by improper fixing. Consulting a specialist before choosing type of fixing materials and procedures for a given fixture is highly recommended.

Pictures shown are for illustration purposes only.

### 5.1/ J-box

**!** First prepare a 4" J-Box with screws and PE cable (pos. 1), then you may proceed with the mount (pos. 2) installation.

## 6/ Electrical wiring

## 7/ Canopy mounting

## 8/ Light source replacement

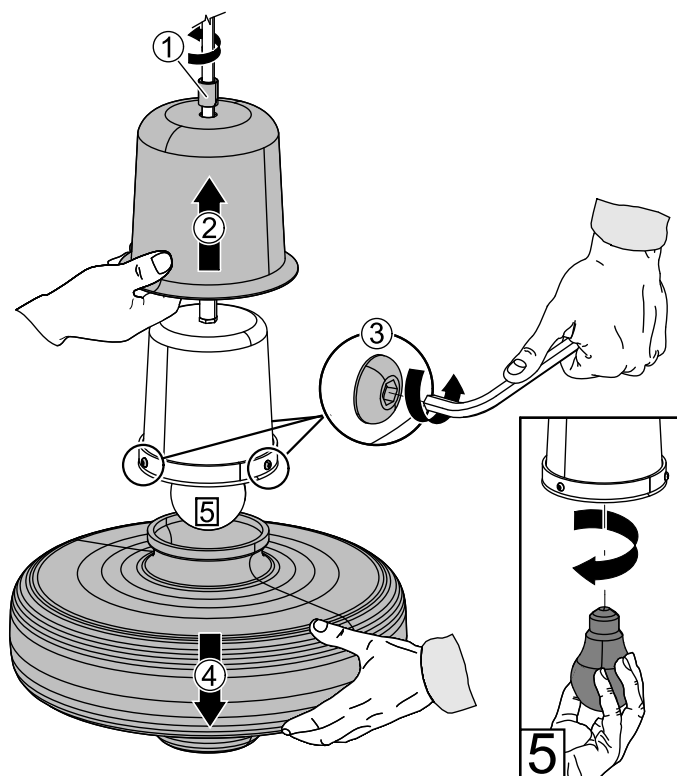

All light sources can be supplied by the manufacturer, Lasvit s.r.o.

Replacement of the bulb should be carried out by qualified technician to prevent damage to health or property.

Lasvit provides NO warranty on bulbs and is not responsible for any damage or injury caused during its installation or during its operation.

Before starting installation make sure the power to the lighting fixture is switched OFF and secured against unauthorized, negligent or accidental switching on.

The manufacturer shall not be held responsible for injuries, damage to the fixture and/ or other property when other than specified light source type and/ or rating is used.

Carry out this step in reverse to fit the new bulb.

Plug in the light again.

## 9/ Installation notes

### 9.1/ Suspension cable securing

Suspension cable securing the pendant (pos. A).

## 9.2/ Cable shortening

 This adjustment can be carried out only by a qualified electrician (trained electrician).

 Perform the cable adjustment according to valid standards.

**Picture 1:** Adjusted cable from the manufacturer (LASVIT).

**Picture 2:** Shortening the cable to the desired length.

**Picture 3:** Remove only the top insulation. The basic insulation of the conductor must not be broken.

**Picture 4:** Recognition of the support wire and the conductor. Conductors are marked with a color strip (positions A, B). The support wire is without marking. If you pull the wire into position C and, the cable returns to the position D, then this is a support wire. The conductor remains bent (positions A, B).

**Picture 5:** Remove the insulation from the support wire. In order to prevent the cable from slipping out of the wire holder (position E), the insulation from the support wire must be removed. Only the wire without insulation can be plugged into the wire holder. The length of the support wire must be the same as before its adjustment Picture 1. For a further description of the support wire, please refer to the manual.

**Picture 6:** Final adjustment of the cable for its connection. Additional insulation (positions F, G), stripped ends of wires with tubes and insulation removed from the support wire.

## 10/ Warranties and Warranty Terms and Conditions

1. The warranty is defined in Price Quotation (PQ) or in Purchase Agreement (PA). If **not stated otherwise**, the warranty shall not cover the **light sources**, maintenance, service and cleaning and the standard warranty shall be set at 2 years. Any other warranties must be specified in PQ or PA. The Customer must submit a valid agreement, invoice or another payment document as a base for any complaint.
2. If the warranty covers the detected defect, the Customer shall inform Sales (by e-mail or phone, defining the project / product number, the project / product name, the areas where the defect has emerged, and the sketch number. The Customer shall describe the defect).
3. Sales shall proceed based on the internal guideline for complaint management.
4. The Manufacturer shall analyze the origins of the defect either at the Customer's or at the Manufacturer's, after the defective product has been delivered to the Manufacturer's premises.
5. After the analysis, the decision about acknowledgement or refusal of the complaint and the respective explanation shall be passed on to Sales.
6. Sales shall submit information about acknowledgement / refusal of the complaint to the Customer within 7 workdays from reporting the defect at the latest. Sales shall agree further steps with the Customer (e.g. the date of repair, replacement, etc., based on the Customer's and Manufacturer's capacities). Unless agreed otherwise, the Manufacturer shall eliminate any defect within 30 days from the date of submittal of the complaint.
7. The complaints shall not cover any defects caused by the Customer, normal wear and tear, or by failure to follow the service manual or installation manual. The complaints shall not cover any defects caused by force majeure.
8. **The analysis may lead to the following conclusions:**

### **Manufacturer's fault:**

- The product is repairable at the Customer's at the Manufacturer's cost.

- The product is repairable at the Manufacturer's at the Manufacturer's cost.
- The product is not repairable and shall be replaced by a tested functional one at the Manufacturer's cost.
- The product is not repairable and the Manufacturer cannot offer any replacement. The Manufacturer shall offer another product. The Customer shall accept the offer and settle the new product by a difference payment, or the Manufacturer shall pay a difference payment to the Customer.
- The product is not repairable and the Manufacturer cannot offer any replacement. The Manufacturer shall issue a refund to the Customer.

**Customer's fault:**

- The product is repairable at the Customer's at the Customer's cost.
- The product is repairable at the Manufacturer's at the Customer's cost.
- The product is not repairable and shall be replaced by a verified and functional one at the Customer's cost.
- The product is not repairable and the Manufacturer cannot offer any replacement. The Manufacturer may offer another product for purchase.

**Never dispose of this product in mixed municipal waste,  
it must be submitted at the designated disposal installation.**
