**DESIGNER:**Cyril Dunděra

**YEAR OF DESIGN:** 2020

**Glass:** Hand Blown Bohemian Crystal Glass

Colored tiles with a hemisphere in their center were the initial inspiration for the Globe Metro chandelier. These tiles were created in the 70´s for Prague's metro and Cyril Dunděra, who lives in Prague, had the image of them in mind when he started to think about the lighting. "The tiles in the metro were always a great example of applied art for me. They look great, can shatter sound, and even distinguish each station by their color," explains the designer.
